Mil Br	Supr Res	22 Sep	<p>Attached herewith is a proposed letter following up General Bissell's conversation with Admiral Schuirmann. It should be noted that the Navy is being asked for only 25 Japanese language specialists of which 17 would in the normal course be requested as their contribution for the exploitation of documents pertaining to Japanese aviation. This would leave but 8 for the exploitation of documents pertaining to the floating Navy and general subjects. This is a relatively small number but it is felt best to first obtain the full cooperation of the Navy in principle and later adjust the strength based on the results obtained from the exploitation of the documents.</p> <p><i>Basic letter forwarded to Gen'l Bissell by hand RAO</i></p> <p><i>J.
